SPECIFICATIONS VB™ 115 Bass Cabinet

Frequency response, 1 meter on-axis, swept-sine in anechoic environment:
55 Hz to 2.8 kHz

Usable Low Frequency (-10 dB)
40 Hz

Power handling:
350W RMS
700W program
1400W peak

Sound Pressure Level, 1 Watt, 1 meter in anechoic environment:
101 dB SPL (2.00V input)

Transducer complement:
One classic Black Widow® 15" woofer, 1502-8

Impedance (Z):
8 ohms

Input connections:
One 4-pin twist-lock connector, in parallel with two 1/4" phone jacks.

Enclosure materials and finish:
12 mm Baltic birch plywood finished in black polyurethane Hammer Head™ finish, with a full length cloth grille

Transport provisions:
Steel handles, one on each side

Dimensions (H x W x D):
27.88" x 23.88" x 20.12"
708 mm x 607 mm x 511 mm

Net weight:
71 Lbs. (32.3 kg)

Features:

- 15" 1502-8 classic Black Widow® bass woofer
- 700 watts program power handling
- Vented cabinet for strong powerful bass
- Baltic Birch all-plywood cabinet
- Two 1/4" input jacks, and one 4-pin twist-lock connector
- 8 ohm impedance
- Durable black polyurethane Hammer Head™ finish
- Classic black grille cloth and silver piping trim
- Made In USA

Description:
The new VB™ series was designed from the ground up for the serious professional bass player. Voiced for strong bass with a smooth harmonic tone, the versatility and performance of the VB™ 115 encourages use with any fine bass amp head.

The VB™ 115 is constructed using a premium grade of 12 mm Baltic Birch plywood with extensive internal bracing, and is covered with durable polyurethane Hammer Head™ finish. The cabinet includes a black cloth grille with a wooden plywood frame for that warm musical "tone".

The 15" Black Widow® bass woofer provides a classic bass tone, with excellent power handling and punch. The vented cabinet provides strong powerful bass, with every note propelled forward into the mix. Inputs include two 1/4" input phone jacks, and one 4-pin twist-lock connector for maximum flexibility.

With a nominal impedance of 8 ohm, and a power handling of 700 watts program and 1400 watts peak, the VB™ 115 can be used in conjunction with almost any sized bass amp head. Be sure to check the amplifier specifications to verify the minimum impedance rating of the amp used to power the VB™ 115.

3 + 2 YEAR LIMITED WARRANTY
